Honouring and celebrating life

PERSONALISED PLAQUES

To create a truly unique and meaningful memorial plaque, consider incorporating personal design elements that reflect your loved one's personality, beliefs, or life story. These custom features not only enhance the visual appeal but also deepen the emotional connection for those who visit the memorial.

Personalisation options include:

- **Photos:** Photos come in a variety of options including ceramic and cast bronze in differing sizes. This creates a powerful visual tribute and helps future generations connect with their memory.
- **Emblems and symbols:** Plaque emblems and symbols come in a variety of styles (flat or 3D raised) and sizes. These can reflect a loved one's beliefs, heritage, or passions—ranging from religious icons (such as crosses, Stars of David, or crescent moons) to cultural motifs, military badges, and personal symbols like flowers, birds, or musical notes.
- **Decorative borders:** If your memorial location allows, you can choose from classic, ornate, or modern border styles to beautifully frame your plaque's inscription and enhance its overall design.

To frame your plaque’s inscription and enhance its overall design, you can choose from classic, ornate, or modern **border** styles, if your memorial location allows this.
